1. The following is an examiner's statement of reasons for allowance:

The Examiner has carefully considered applicants 4 independent claims 1, 7, 13, 20, in which an "image-drag-drop software tool" is used in entering a response to a "question" in "an online educational course", and agrees with applicant's 24 August 2004 response; that the prior art of record such as Fields et al. (US #6,347,943) does not teach or suggest that the "drag-drop" be between "a plurality of answer selections and a plurality of answer regions", "to allow the user to drag each answer selection of the plurality of answer selections to a unique answer region" (remarks, page 7).

In a final search, the Examiner **did** note that Silver (US #5,584,699) uses a drag and drop system to move cards to locations on a field related to an ongoing teaching process, with an indication as to whether the position was right or wrong. However, the cards of Silver do not reasonably read upon "answer selections", nor does the playing field read upon the claimed "answer regions", since the drag and drop is not seeking the answer to a "question" in Silver's interface.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Raymond J. Bayerl whose telephone number is (571) 272-4045. The examiner can normally be reached on M - F from 9:00 AM to 4:00 PM ET.
